## SYMPOSIUM Evening, 11 March 2014

The reformation of Japan starts from Mt Fuji

Mr. Ken Noguchi  
(Alpinist)

What the young successful alpinist saw in his quest was humans being overwhelmed by nature, while trying to conquer it. And also the mountain of rubbish left behind. Such experiences made him commit actively in clean-up expeditions to Mt Fuji and other mountains. Lately he is involved in environmental awareness raising through public lectures and outdoor environmental activities.
