

Guidelines for abstract preparation and submission for 3RINC_s2022

1. Language

English.

2. Contents

All manuscripts must be related to material cycles and waste management.

3. Presentation type

Only live oral presentation: This conference will be entirely online using Zoom. The presenters must operate the presentation slides by sharing their screens.

4. Abstract format

(1) Please use an electric template file (MS-word).

(2) Allow a **20 mm margin at the right, left, top, and bottom** on a white A4 size (210mm × 297mm) of paper, which could contain 40 lines. The maximum length of the manuscript **is 2 pages.**

(3) **The first page must include the presentation title.** The first character must start from **40 mm or more from the left edge of the sheet.** Leave the next line blank. Then, write the author name(s), affiliation(s), and address(es) and justify them to the right. The corresponding author should be marked with an asterisk (*). Authors listed in the abstract will be included in the program.

(4) Use **Times New Roman with 11 point type.** Use a **larger font for the title.**

(5) **Keywords (3 to 5)** should be placed at the end of the author's affiliation. Leave the next line blank, and then start the main manuscript.

(6) All **tables and figures** should be placed at appropriate positions in the main manuscript. Please justify the tables and figures to the right.

(7) Convert the manuscript file into **PDF.** The file size should be within **1MB.** Please include all tables and figures in the manuscript.

6. Notification of the decision

The scientific committee will evaluate the submitted abstract and notify the decision. The committee will ask the authors to revise the manuscript if modification is necessary. The conference program and presentation schedule will be announced on your portal site of website.

7. Abstract submission fee

Presenters are requested to complete payment within one week after the notification of acceptance. Please note that the presentation will be withdrawn if the payment does not complete by the due date. Students or participants from the least developed country can get a discount.

8. Full paper submission to the special issue in Journal of Material Cycles and Waste Management

All presenters are welcome to submit full papers to the special issue in the Journal of Material Cycles and Waste Management (Springer Nature).

The submitted manuscripts must be significantly enhanced and updated from the original abstract submitted to the 3RINCS2022. All manuscripts for the special issue will be subject to following standard rules and review process for peer-reviewed papers; including the review of each manuscript by international experts. Instruction for Authors is available at the JMCWM site on Springer Link. You find the other information for submitting and publication.
